

Delhi Public School Varanasi
Class VI-X

25th April '18

Dear Parents,

School uniforms promote a positive, less distracting learning environment. It develops positive social skills rather than dependence on clothing as a statement. The dress code is designed to help encourage a wholesome learning environment, to provide safety, and to prevent any dress styles that would negatively affect students. Clothing should be clean, neat and in good repair. It must conform to the style of school uniforms. Henceforth all students attending Delhi Public School Varanasi must wear the appropriate uniform daily (including their birthdays) beginning with the first day and throughout each school day.
