

Dear parent,

You are aware that the school had to be closed suddenly due to DM's orders. In view of the academic pressure & to ensure justice is done to the vast syllabus it would have been in the interest of our children for us to have run the school as planned. The uncertainty of the weather **may** even force us to extend the vacation beyond 20th June. Keeping this in mind we have requested the DM to permit us to conduct special classes for students from 9 to 12 from 6:30am to 11:00am till 25th May 2018. Your support & consent will help us provide a conducive environment for academics for your child.

I look forward to your quick response.

With warm regards

Principal
